

AUGUST

Waterloo Elementary School 2018 Newsletter

The staff wishes to extend a warm welcome back to our Waterloo Elementary School students who will be returning to school ready to get to work, well-rested after summer and with excitement to begin a new year!

We are enthusiastic about the opportunity of yet again partnering with W.E.S. parents and community to make the most of our students' individual needs. Our staff will continue to work as a team to plan learning adventures that are truly meaningful and thought-provoking.

We also wish to welcome students who will be new to our Waterloo Elementary School family. Together, we as a school community will work...

Hand in Hand. Together we can!

Parents, please discuss with your child, the expectations for a successful year. Their readiness is essential! We ask that every parent be attentive to the start time for school. Instructional time begins promptly at 7:55 a.m. Students who are car riders should arrive at school at 7:45 a.m.
